

About

Community Involvement & Pro Bono

Irwin Fritchie's pro bono activities reflect the firm's commitment to the community in which we live and practice. Our attorneys aid indigent clients through organizations such as The Pro Bono Project, the Legal Aid Bureau, and the Homeless Experience Legal Protection program.

We are community leaders who serve on boards for local non-profits supporting the community, arts, child education, animal rights, and many other worthwhile causes. The firm also actively supports community organizations such as United Way, Ozanam Inn, and Habitat for Humanity.
